Unique incentive encouraging  
businesses to hire individuals  
with barriers to employment

## WHAT IS THE WORK OPPORTUNITY TAX CREDIT?

The Work Opportunity Tax Credit (WOTC) is a federal tax credit available to employers for hiring individuals from certain target groups who have consistently faced significant barriers to employment.

WOTC helps targeted workers move from economic dependency into self-sufficiency as they earn a steady income and become contributing taxpayers, while participating employers are able to reduce their income tax liability.

Administered by the S.C. Department of Employment and Workforce (DEW), WOTC is designed to provide an incentive for businesses to hire unemployed veterans, disabled veterans and individuals with documented barriers to employment.

For-profit entities can receive a 40 percent tax credit against first-year qualifying wages paid when new hires have been employed for 400 hours or more. (Qualifying wage caps apply.)

Qualified tax-exempt not for-profit 501(c) entities can participate when hiring qualifying veterans only. The credit is 26 percent of the first-year wages when new hires have been employed for 400 hours or more.

### Example

*Bill was searching for a job, but wasn't having any success due to his recent judicial involvement. Bill learned about WOTC and began to let prospective employers know that he may be part of a qualified target group in the WOTC program. He leveraged the program to his advantage and soon received an offer of employment. Bill completed the IRS Form 8850 and ETA Form 9061 for the new employer. The new employer submitted both forms to the DEW WOTC office within 28 days of Bill's start date. The employer received a certification and was eligible to take a tax credit for \$2,400.00. Afterwards, the employer hired 10 more qualified applicants and was certified to take an additional \$24,000.00 of WOTC tax credits. The employer is now in a financial position to hire more workers because the WOTC tax credit program increased his return on investment.*

## MORE INFORMATION

DEW must certify the tax credit before it can be claimed by the business.

Once certified and minimum required hours are met, the for-profit entity will claim the tax credit as a general business credit against their federal income tax using IRS Form 3800. The IRS Form 5884 is used to calculate the amount of the credit.

Non-profit 501c entities will claim the credit against the employer's share of Social Security tax using IRS Form 5884-C.

To obtain the corresponding IRS Forms and tax filing instructions please visit:  
<https://www.irs.gov/>

Relatives and previously employed individuals are not WOTC eligible job applicants.

Tax credits cannot be claimed for federally subsidized on-the-job training; however, wages paid after the subsidy expires can qualify for the credit.

The IRS Form 8850 may be used to pre-screen job applicants for eligibility.

Reduced credits may apply for those who worked less than 400 hours.
