Hi! My name is Gabe.

I am learning about careers. Careers are jobs people have during their lives.

What do you want to be when you grow up?

It is OK to not know. It is OK if you change your mind. There are so many choices! For now, it is fun to look at some careers. Some pages have a cocoon on them. The words by the cocoon are names of career clusters. A career cluster is a group of careers that have things in common. Some careers fit into more than one cluster.

Some pages have an award badge on them.

The words in the badge state that those jobs are priority occupations. Priority jobs are important because people will need them now and in the future.
