

## Aysha Washington - 27

“ I went to a school that had a cosmetology program and decided to learn hairstyling as a back-up skill. They say if you love your work, you'll never work a day in your life, and that's how I feel as a beautician. I have such a close relationship with many of my long-term clients that I feel like I'm almost a part of their extended family. I get to be a part of getting them ready for weddings, funerals, birthdays, and anniversaries as well as all the little moments in between. Making them feel like the best version of themselves with a new cut, color, or style is fun. ”
