Landon Baun - 34

" I rarely meet the customer that ends up benefiting from my service. I'm a behind-the-scenes job, but wiremen are a crucial step in the process. From running cables through walls and troubleshooting systems to equipping an entire building or home with electricity, my job requires precision. It's rewarding to know that the whole system and the way things operate in someone's home depend on the work I do. "

Occupation:

Inside Wireman

Salary:

$53,087

Education:

Bachelor's Degree

Job Description:

Electricians install, maintain, and repair electrical wiring, equipment, and fixtures. Ensure that work is in accordance with relevant codes. May install or service street lights, intercom systems, or electrical control systems.*
