Manufacturers increasingly rely on data, information, and technologies to run their operations. Defending these assets from disclosure, modification, disruption, or improper use is a challenging but critical aspect of operating a business. With competing priorities and limited resources, manufacturers need guidance, solutions, and training that is practical, actionable, and cost effective, to ultimately help manage their cybersecurity and privacy risks.

On January 18, 2023, join hosts the South Carolina Manufacturing Extension Partnership (SCMEP), the South Carolina Department of Commerce (SCDOC), and the South Carolina Department of Employment and Workforce (DEW) for an informative webinar designed to provide the latest information on the Department of Defense's Cybersecurity Maturity Model Certification (CMMC) program due to be rolled out in Spring 2023.

The webinar will also provide information on cybersecurity support programs and resources available to South Carolina manufacturers, logistics, and architecture and engineering companies engaged in the Department of Defense supply chain.

THIS WEBINAR WILL FOCUS ON THREE KEY TOPICS:

1. The business case, including financial implications for improving your company's cybersecurity posture.
2. The latest updates on version 2.0 of the Cybersecurity Maturity Model Certification (CMMC) for manufacturers, logistics, and architecture and engineering companies operating in the United States Department of Defense (DOD) supply chain, including the program roll out scheduled to begin in Spring 2023.
3. The technical and financial resources available to South Carolina-based manufacturers, logistics, and architecture and engineering companies operating in the DOD supply chain.

WEBINAR AGENDA

10:30 – 10:35 AM

Introduction, Welcome and Overview

Andy Carr, *SCMEP*

10:35 – 10:45 AM

It Makes Dollars and Cents: The Business Case Behind Boosting Your Company's Cybersecurity Posture

Andy Carr, *SCMEP*

10:45 – 11:15 AM

Operating in the DOD Supply Chain? What You Need to Know About the CMMC 2.0 Roll Out

Roy Lubke, *GENEDGE Alliance*

- What is CMMC 2.0?
- What is SPRS, and why should you care? How is this going to relate to the CMMC when it goes into effect?
- When is CMMC supposed to be included in DOD contracts? What do I have to do to be compliant?
- What is Cyber AB, and what do I get from them?
- What are RPOs, RPs and C3PAOs?
- And finally, what do you need to know about Controlled Unclassified Information (CUI)? How do I know if I have it?
- Where do I turn to get technical and financial assistance?

11:15 – 11:30 AM

Support programs and financial assistance available through the SCDOC, DEW, and SCMEP

Cynthia Davis, *SC Dept. of Commerce*

11:30 – 11:45 AM
